5b. Products

The SVS ISA

i. Registration

Your ISA must be, and must remain in, the beneficial ownership of you, the investor, and must not be used as security for a loan. Except for cash held in an ISA, the title to the ISA investments will be registered in a nominee company of SVS Securities plc, and any share certificates or other documents evidencing title to ISA investments will also be held by a SVS Securities plc nominee company, as described elsewhere in these Terms.

ii. Opening an ISA

To open an ISA account, we must be in receipt of a completed ISA Application Form through the SVS Securities plc website. You may then make a subscription into your ISA for any amount up to the subscription allowance. Please note that we cannot open an ISA if the application form is incomplete in any way.

Please note, the amount that you invest in your ISA depends on the type of ISA that you select both here and with other providers. Your total ISA investment in any tax year must not exceed the limits that apply to the type of ISA that you have selected. Your choice of ISA also affects your ability to invest in other ISAs. Whether you subscribe to either a Stocks and Shares ISA alone, or to both a Cash ISA and a Stocks and Shares ISA in the same tax year, you must not exceed the overall annual subscription limits, and it is your responsibility to ensure that you do not make multiple subscriptions. SVS Securities plc do not offer a Cash ISA.

The SVS ISA will not offer the facility to purchase all eligible investments that are permitted by HMRC. SVS will choose a subset of all eligible investments and make this information available through its marketing materials. This subset may be broadened at any time and without prior notification, but will not be restricted without prior notification to the holder of any ISA that contains an investment that will be affected by such a change.

Shares received through a public offer for sale will not be eligible for a transfer in specie into ISAs. Any interest paid on the cash in a Stock and

Share Component ISA will be credited gross but is subject to a flat rate charge (currently 20%) payable to HM Revenue & Customs and deducted by us. We will not reclaim tax on Foreign Dividends paid into ISAs. **iii. Transfer of ISAs**

If you wish to transfer an ISA to another approved manager willing to accept the transfer, we will aim to complete the transfer within 30 days of receiving your written instructions. We generally make no extra charge when receiving plans from other managers, but reserve the right to do so.

Please see our Schedule of Charges in Appendix F for charges on transfers to other Plan Managers. In the rare cases where we transfer stock in certificated format you may be liable to an additional charge for stamp duty. We are able to make and accept partial transfers of ISAs and we are able to receive transfers of ISAs in cash or in specie. Where a transfer is received in cash,

iv. ISA Management

We will make claims, conduct appeals and reach agreement on your behalf for tax relief. Please note we will not reclaim any overseas tax deducted on non United Kingdom qualifying investments that maybe held in your ISA from time to time. We are responsible for ensuring that any agents or third parties to whom such responsibilities and other functions are delegated are competent to carry them out. We will also inform you if an ISA becomes void through any failure to meet the HM Revenue & Customs' ISA Regulations. If a previously qualifying investment should no longer qualify, we will contact you to determine whether you wish to sell the investment and reinvest the proceeds in the account, or transfer it out of the account. The same applies to warrants (other than those arising through an investment trust public offer for sale).

v. ISA Closure

On your instructions, an ISA or part of such ISA, may be transferred to another plan manager and also on your instructions all or part of the investments held in the ISA and proceeds arising from those investments shall be transferred or paid to you. We will aim to complete closure requests within 30 days of receiving your instructions. There is no charge for partial withdrawals of cash. Partial cash withdrawals shall be treated as capital (i.e. not interest) under HM Revenue & Customs Regulations. When liquidating an ISA before transferring the cash proceeds, normal commission rates apply.

vi. ISA Termination

An ISA automatically terminates when the plan holder dies. Any tax claimed back from a dividend received after that date must be repaid. The ISA will be valued for probate as at the date of death, and dealt with as instructed by the executors. The firm may terminate a plan at our discretion if, in our opinion, new statutes or regulations make its continuation impracticable. We shall not be responsible for any loss that results. **vii. HM Revenue & Customs Regulations**

The management of your ISA shall be subject to the Rules and Regulations of the HM Revenue & Customs. In the event of a dispute regarding the terms of this agreement and HM Revenue & Customs Regulations, the HM Revenue & Customs Regulations shall be overriding.

Delegation of Functions

If we delegate any of our functions or responsibilities under these terms we will ensure that the designated person is competent to carry out those functions and responsibilities. We will notify you if, by reason of any failure to satisfy the provisions of the ISA Regulations, an ISA has, or will, become void.

Right to Withdraw

You accept that in the case of a non packaged product ISA you forego your right to cancel or withdraw.

Company Reports

We will arrange, if you contact us and give us notice in good time of your intention to do so, for you to receive a copy of the annual reports and accounts issued by every company or other concern in respect of shares, securities or units which are held directly in the ISA and except for cash deposits/National Savings products in cash components we have an obligation to arrange, if you so elect, for you to be able:

- Any restrictions on the type of investments You wish to purchase will be made by You either on the CAF or in writing to Us at any time.
- Your investment objectives are set out in the CAF. Should Your investment objectives change at any time You must inform Us

immediately. Any change in Your investment objectives may result in Us ceasing to act for You.

We are not authorised to and will not act for You on a discretionary basis unless you enter into a further agreement with SVS that SVS will provide you with a Discretionary Managed Service as in Appendix G.

We shall not be obliged to effect any transaction, nor do anything else which We believe would breach any statute law, FCA Rule, Rule or regulation.

7. ORDER EXECUTION

In executing transactions for You, We may in Our absolute discretion deal with You as principal or agent. We will notify You when We deal as principal. In accordance with the FCA Rules, We shall comply with Our best execution obligation to You. This means that when executing orders on Your behalf we will take all reasonable steps to achieve the best outcome for You taking into account the nature of your order, the priorities You place upon us in fulfilling those orders and the relevant market. We shall be entitled to rely on verbal or written instructions communicated to Us and received by Us. We may at Our discretion refuse to accept any new instruction from You. We may acknowledge Your instruction by such means as We consider appropriate whether verbally, in writing, by actual performance or otherwise.

We shall not accept instructions from third parties unless a valid Power of Attorney has been established for this purpose.

If You wish to transfer money from one account to another (for example, between spouses), We shall only accept written instructions for such purposes and each transaction will require a separate written instruction.

The despatch of an instruction to Us by post or electronic means does not guarantee its timely receipt.

We shall use our reasonable efforts to act on Your instructions in the order in which we receive them.

Instructions can only be processed during normal working hours, namely between 8am and 4.30pm, Monday to Friday. This means that Your instructions may not always be processed as soon as We receive them. We will do what We reasonably can to implement Your instructions as soon as they are received.

Where You are acting as an agent and You identify Your principal to us, You agree that this principal will not be Our indirect client and You confirm that You have taken such steps to identify and verify the identity of such principal as are set out in the Money Laundering Regulations 2007 (SI 2007 No. 2157) and all other relevant regulations or legislation.
- b. Payment will only be accepted in respect of any and all services provided under this Agreement from a personal bank account with a clearing bank located and regulated within the EEA in the name under which You signed this Agreement and in respect of which We have undertaken steps to verify Your identity pursuant to the Money Laundering Requirements. Any discrepancy will require the undertaking by Us of additional verification of your identity and may require provision of evidence of a legitimate change of name (e.g. marriage certificate or decree absolute).
- c. SVS will report to You as required by the rules of the FCA.
- d. SVS will provide You with a contract note promptly after each transaction; this will include the amount payable by You and (only for non-online trading clients where we have agreed to carry out trades without requiring money up You are advised to retain all contract notes for taxation purposes. If you lose a contract note and a replacement copy if requested we reserve the right to charge a fee for supply of second and subsequent copies.
- e. In the unlikely event that You disagree with the confirmation You must initially advise Our settlements department by telephone within 24 hours of receipt and then also in writing within 7 days of receipt. If You do not receive a contract note within 3 days of the transaction date You should inform Our settlements department as soon as possible. Failure to notify Us within the above time scales may result in Your exposure to liability.
- f. You recognise that from time to time administrative and human error may occur. To the extent that such errors occur We will notify them to

SVS Securities Plc

Terms of business

You as soon as they come to Our attention and You will notify them to Us as soon as they come to Your attention and You acknowledge that we reserve the right to take steps to correct such errors to the extent permitted by law and in accordance with the FSMA and the FCA Rules within seven business days of them coming to our notice and subject to Our having notifying You in advance pursuant to this Clause.

g. By entering this Agreement You understand and agree that there are no rights of withdrawal from a share contract (see Clause 13). SVS does not accept conditional or reversible instructions.

h. The date of settlement of a transaction will be shown on the relevant contract note or other confirmation and You agree to ensure that before that date We have possession (or the relevant custodian has) of all necessary investments for delivery under the transaction, or there are sufficient cleared funds in Your account to settle the transaction.

i. We shall not be obliged to accept an instruction or settle a transaction, whether a purchase or a sale, if We do not have possession of such investments or cleared funds on account or We are otherwise unable to settle the transaction as a result of circumstances outside of SVS's reasonable control.

j. On a sale transaction, you warrant that you own the relevant investments and will immediately arrange to forward to us the appropriate documents including certificates and correctly completed transfer forms. Money will not be credited to Your account until, if required, the relevant valid share certificate and signed transfer are received by Us. In some circumstances, where we are acting as your Agent, the counterparty may be slow in settling a transaction. We will pursue payment on your behalf but will not be liable to you for such funds until they are provided to us by such a counterparty.

k. The share price charged to You will be the yellow strip price which is the best market price available.

l. In order to give effect to Your dealing instructions, We may appoint another intermediate broker selected by Us. Subject to Us taking reasonable skill and care in selecting and instructing such intermediate broker, We accept no liability for any default of any intermediate broker or exchange clearing house market or depository.

19. RIGHTS OF LIEN & SET OF, POWER TO SELL AND MAKE REPURCHASE

a. In the event that We do not receive settlement money on or before the date they are due, We may:

- Sell any securities purchased or cancel any transactions made on Your behalf. You agree to indemnify and keep Us indemnified for any losses or expenses arising out of or in connection with such action.
- Charge interest on any money due to Us at the rate of 2% per annum above LIBOR during the period of default (before and after judgement). Interest will cease to be charged upon receipt of money due.

We agree to provide three (3) days notice that interest will be charged.

b. In the event that We do not (or the relevant custodian does not) have possession of all necessary investments for delivery under the transaction, We may, at Our discretion:

- Buy any investment or other property where this is, or is in Our reasonable opinion likely to be, necessary in order to settle the transaction. You shall reimburse Us for the full amount of the purchase price plus all associated costs and expenses.

SVS or such other intermediate broker may realise any assets held on Your behalf in any account, in order to discharge any obligations You have to Us or such other intermediate broker, which arise from investment business conducted by Us upon instruction from You. You authorise Us and/or such other intermediate broker to exercise this right, without further notice to You.

You will indemnify, keep indemnified and be responsible for all legal fees and any other associated costs charges or liabilities, involved in SVS or such other intermediate broker exercising the above powers. Neither We nor such other intermediate broker shall be liable to You in respect of any choice made by them in selecting the investments sold. The proceeds of sale (net of costs) will be applied in or towards the discharge of Your liabilities including any costs, fees, charges or other liabilities and We or such other intermediate broker will account to You for the balance. In the event that such proceeds are insufficient to cover the whole of Your liabilities, You will remain liable for the balance.

We may cancel any instructions given on your behalf or refuse to implement the same at Our discretion if we believe that implementing the instruction would place You or Us in breach of any regulatory requirement or prescribed terms of dealing.

20. JOINT DEALING ACCOUNTS AND TRUST ACCOUNTS

You accept that in the event an account is held in joint names, then each account holder is jointly and severally liable to SVS under these Terms of Business. This means that all account holders are separately responsible for keeping to this Agreement. If either of You does not keep to them, We can take action against either or all of You individually or together.

We may assume instructions received from one holder of a joint account or one trustee in a trust account will be given on behalf of and with the knowledge of all holders or trustees of the account. Any action that We take regarding such instructions will be binding on all of You. Any reference to 'You' shall be deemed to be any one or all such persons as the context shall require.

21. DEATH OF ACCOUNT HOLDER

Please note that We are unable to accept instructions following the death of an account holder until We are in receipt of a sealed copy of grant of probate. We will inform the executors of the value of the investment at the date of death.

In the event of the death of one party of a joint account or a trustee you are required to inform Us immediately and to complete a new account opening form.

22. CHARGES (PLEASE ALSO REFER TO OUR CURRENT CHARGES SCHEDULE AT APPENDIX F)

When acting on a principal basis in the event of SVS receiving commission or other benefit this will be notified to You. You may request details of the exact amount of the benefit or commission in writing.

- b.** We may benefit from a mark up of the price of any security transacted for You. Any mark up made by Us will be disclosed to You on the contract note.
- c.** Stamp Duty, Stamp Duty Reserve Tax, VAT and all other applicable taxes will be charged at the prevailing rates.
- d.** Charges are defined in Our charges schedule which is attached at Appendix F. We reserve the right to amend Our charges but if we do so You will be notified a minimum of thirty (30) days prior to those changes becoming effective.
- e.** A charge per transaction will be made by Us if sold bargains are delivered more than three (3) days after the settlement date. Charges are available on request.
- f.** Euroclear charges personal members an annual fee for membership, which will be charged to You. Details of this charge are included in Our charges schedule.
- g.** If You require a share certificate or request that Your CREST holding is transferred, a fee will be charged. Securities will then be registered and documents sent to You as soon as is reasonably practicable.
- h.** A charge will be made for delivery of shares in certificate form as per Our charges schedule.
- i.** Taxes or costs may exist that are not paid through Us or imposed by Us. We shall not be liable to You for the payment or non-payment of any additional tax or costs.

23. CONFLICTS OF INTEREST AND DISCLOSURES

- a.** Under the FCA Rules, We are required to have arrangements in place to manage conflicts of interest between Us and our clients and between our different clients. We operate in accordance with our Conflicts of Interest Policy which sets out the types of actual or potential conflicts of interest which affect our business and provides details of how these are managed. A summary of our Conflicts of Interest Policy is attached at Appendix B.
- b.** In relation to any advice We give or transaction We execute or arrange with or for You, We or an associate, a connected person or another client may have, directly or indirectly an interest, relationship, arrangement, or duty which is material or which gives or may give rise to a conflict of interest with Your interest(s) in relation to the investment or transaction concerned or investments or assets underlying, derived from or otherwise directly or indirectly related to such investments (a "material interest"). We will take reasonable steps to ensure that You are not treated in terms materially less favourable than if the conflict or potential conflict had not existed. Our employees are required to disregard any such interest when making recommendations to You. Conflicts, if any, which We are not able to manage effectively, are disclosed in accordance with Appendix C.

24. CUSTODY

- a.** Acceptance of this Agreement provides authority for Us to instruct any of SVS Nominees, SVS Securities Nominees or SVS Securities ISA Nominees to hold Your investments in safe custody, to transfer securities from Your account to meet sales effected for Your account, acceptance of offers, or other matters covered by this Agreement, or to

hold such investments in the name of a third party custodian selected by SVS in accordance with FCA rules if that will facilitate the efficient custody of specific investments. Nothing in this Clause will constitute authority for Us or SVS Nominees or SVS Securities Nominees or SVS Securities ISA Nominees to act on a discretionary basis. If your investments are held in our pooled nominee, during the course of your contractual relationship with us, we may choose to cease using the pooled nominee, and transfer your holding to SVS Securities Nominees and hold them in a designated member account. If we decide to do this, then we will notify you before this occurs.

UK registered securities which SVS Nominees or SVS Securities Nominees are holding for You will be held in either their physical possession, or in electronic form in CREST and will be registered in the name of SVS (Nominees) Limited or SVS Securities (Nominees) Limited in accordance with the rules of the FCA. We are responsible for the acts of Our nominee to the same extent as for Our own acts, including, for the avoidance of doubt, for losses arising from fraud, wilful default or negligence. We accept no liability for the default of any other nominees, custodians or third parties.

Investments registered or recorded in the name of SVS Nominees Limited will be pooled with those of one or more of Our other clients. Investments registered or recorded in the name of SVS Securities Nominees Ltd will be held in a designated member account. Accordingly Your individual entitlements may not be identifiable by separate certificates, physical documents or entries on the register or equivalent electronic records. In the event of an irreconcilable shortfall following any default by the custodian responsible for pooled investments, You may not receive Your full entitlement and may share in that shortfall pro-rata to Your original share of the assets in the pool. When corporate events (such as partial redemptions) affect some but not all of the investments held in a pooled account We will allocate the investments so affected to particular customers in such fair and equitable manner as We consider appropriate (which may involve pro-rata allocation or an impartial lottery).

Should You instruct Us in writing that investments purchased through Us be registered in the name of some other person (which must not be SVS or an affiliate of Ours) whom You specify, the consequences of registration carried out in accordance with Your instructions, are entirely Your risk. The legitimacy of such registrations also remains Your responsibility.

You consent to the fact that overseas investments may be registered or recorded in the name of an eligible custodian or in Our name in one or more jurisdictions outside of the UK, where, due to legal requirements or the nature of market practice in the jurisdictions concerned, We reasonably consider it is in Your best interests, or it is not feasible to do otherwise. As a consequence of this, Your investments will not be segregated from investments belonging to Us and therefore, Your protection may be less should a default occur on the part of the person in whose name the investments belonging to You are so recorded.

Investments belonging to You which are held overseas may be subject to different settlement, legal and regulatory requirements than those that apply in the UK. We will not be held liable in the event of a default by a custodian.

We will provide you with a statement of Your holdings of which SVS, SVS Nominees, SVS Securities Nominees and the intermediate broker instructed by Us have custody, no less often than every 6 months. For online clients this information will be provided electronically by

SVS Securities Plc

Terms of business

accessing Your online account. The assets will be valued as at the date of the statement.

- h.** We will notify You of any rights, takeovers, conversion or subscription rights that arise in relation to Your holdings, including whilst they are being transferred into Your name. We will not be responsible for dealing with these unless We receive Your express instruction to do so. You should note that SVS Nominees Ltd account holders and SVS Securities Nominees Ltd account holders will not receive certain entitlements, such as annual report and accounts, nor attend annual or other meetings and vote at such meetings.

You should be aware that, for administrative purposes and in order to ensure that we meet the deadlines imposed by companies, registrars and settlement systems, it is often necessary to impose an earlier deadline on corporate actions than those set out in company documents. You should clarify the timetable for any actions either with your account executive or through the SVS online team. If we require your instructions on a Corporate Action and we do not receive a reply, or we are unable to contact you by the deadline date, then our default option will be to accept the companies Basic offer.

In the event of a Corporate Action that requires payment (i.e. a rights issue) where we are unable to obtain a response by the deadline date then our default option will be to lapse the offer.

- i.** We will collect any dividends, interest, payments, or other entitlements to which You may be entitled and of which We are notified and will credit to You such dividends or interest as soon as possible after deduction of taxes and duties payable or credit them to Your account
- j.** Where permitted by regulatory requirements, if we have not received instructions in relation to your account for at least 12 years and we have taken reasonable steps to contact you but cannot do so, we may sell your investments and pay the proceeds and/or transfer your investments to a charity of our choice. Where we do this we will unconditionally undertake to pay you a sum equal to the value of the investments at the time they were sold or transferred to that charity if you later contact us to claim your investments

25. INDEMNITY AND LIMITATION OF SVS LIABILITY

a. You will indemnify Us and keep Us indemnified against all losses, expenses, costs and liabilities which arise as a result of or in connection with Your breach of these Terms of Business (including, for the avoidance of doubt, any fines which may be imposed upon SVS as a result of late settlement of any transaction) or the proper provision by SVS of the services envisaged by these Terms of Business except to the extent that such losses arise as a result of Our negligence, fraud or wilful default.

b. Nothing in this Agreement shall limit Our liability for:

- Our negligence;
- fraud; or
- liability to You for Our breach of these Terms of Business or of the FCA Rules We will not be liable for any indirect losses (including, but not limited to, loss of profit) arising from Our negligence or otherwise.

Nothing in this Clause 24 shall have the effect of excluding or restricting any duty which We have in relation to You under the FCA Rules or any liability which We may have under FSMA or under the FCA Rules in respect of a breach of any such duty.

Subject to Clause 24c, the total aggregate liability of SVS to You under or in connection with this Agreement, whether in contract, tort (including without limitation negligence or breach of statutory duty), misrepresentation or otherwise howsoever for direct loss or damage shall not exceed the price paid for the investment by You to SVS forming the basis of the purported liability, for any one event or series of events.

Subject to Clause 24b and Clause 24c in no event shall SVS be liable to You for indirect special or consequential loss of profits, business, revenue, goodwill or anticipated savings of an indirect nature ("Indirect Loss") whether arising under or in connection with the Agreement including any indirect loss incurred to a third party.

If for any reason the exclusion of liability in Clause 24e is void or unenforceable subject to Clause 24c Our total aggregate liability to You for all loss or damage howsoever arising under this Agreement shall be as provided in Clause 24d.

Insofar as We may provide any advice or service, for which no fees or other payment is or becomes due under this Agreement You must not rely on it and We shall not be liable for the consequences of You so doing.

26. INFORMATION ON SERVICES

We may separately provide You with information on SVS and Our services, investments and investment strategies designed to help You understand the nature and risks. We shall update this from time to time and send You a

revised version.

27. NON-RELIANCE

All information and advice made available by Us to You is for Your sole use. We shall not be liable for any loss or liability incurred in connection with any reliance that may be placed upon such information and advice by You for any other purpose than for which it was provided and/or by any third party.

29. FINANCIAL SERVICES COMPENSATION SCHEME

We are a participant in the Financial Services Compensation Scheme, which, subject to certain exceptions, provides limited compensation in respect of eligible liabilities if We are found to be in default.

The scheme has different rules in respect of Deposits, Investments, Home Finance, Insurance and General Insurance business.

If SVS is found to be in default your investments held in our various nominee companies will be covered in line with FSCS rules, which currently covers 100% of the first £50,000 of a valid claim.

If we hold cash in our nominee in respect of your account, you should be aware that the scheme also covers up to 100% of the first £75,000 of deposits. While SVS is not a deposit taker under UK legislation we place our clients' funds (held in the name of Our various nominee companies outlined in these Terms) with one or more deposit-taking institutions. These will be chosen in line with FCA rules. Furthermore, such funds are held in Trust for our clients in accordance with FCA rules.

The eligibility of our clients to claim against such institutions (in the event that one or more of them is declared in default) will be assessed under FSCS rules. Any level of compensation you receive for such a default will depend on the basis of your claim. The FSCS only pays compensation for financial loss, and any compensation limits are per person per firm.

The right to claim under this scheme will only arise if You qualify as an eligible investor which, for the purpose of this scheme, applies only to Retail Clients

– please see <http://www.fscs.org.uk/what-we-cover/eligibility-rules/> for further details.

SCHEDULE 1 ORDER EXECUTION POLICY

OVERVIEW

The purpose of this document is to provide clients of SVS Securities Plc with information in relation to our Order Execution Policy and to seek your consent to such policy.

The Markets in Financial Instruments Directive II (MiFID II) requires that we put in place an Order Execution Policy and to take all reasonable steps to obtain the best possible result (or "Best Execution") on your behalf and to provide you with information concerning our execution policies in respect of transactions we undertake on your behalf.

SCOPE

This Policy applies to all Retail and Professional clients of SVS Securities and covers transactions conducted in the instruments falling under the scope of MiFID II. These financial instruments that are covered are:

- Equities
- Bonds/Fixed Interests
- Exchanged Traded Funds (ETFs)
- Derivatives
- Collective Investment Schemes

SPECIFIC INSTRUCTIONS

If you provide us with a specific instruction to deal for you it may prevent us from following our Order Execution Policy, which is designed to obtain the best possible result for you on a consistent basis, taking into account the factors outlined below. This means that you may receive a worse outcome on your order than if we had acted in compliance with our Order Execution Policy, which will be at your own risk. Where your instructions relate to only part of the order, we shall continue to apply our Order Execution policy to those aspects of the order not covered by your specific instructions.

You should be aware that providing specific instructions to us in relation to the execution of a particular order may prevent us from taking the steps set out in our Order Execution Policy to obtain the best possible result in respect of the elements covered by those instructions.

Please note that if our Order Execution Policy is designed to ensure that, on a consistent basis, we deliver the best possible outcome for you through the course of our relationship. This does not necessarily mean that the best possible outcome or price will be obtained in all circumstances.

Our commitment to providing you with the best possible outcome does not mean that we owe you any fiduciary responsibilities over and above the specific regulatory obligations placed upon us or as may be otherwise contracted between us.

EXECUTION FACTORS

Unless you give us specific instructions, the execution factors that we shall take into account in determining the manner in which your order will be executed are the price, cost, speed, likelihood of execution and settlement, size of your order, nature and any other consideration relevant to the execution of your order.

Price will ordinarily merit a high relative importance in obtaining the best possible result. However, in some circumstances for some clients, orders, financial instruments or markets, we may appropriately determine that other execution factors are more important than price in obtaining the best possible execution result.

The weighting of these factors may also differ between Retail and Professional clients and will be judged on an order-by-order basis. In executing orders for Retail clients, in the absence of any specific instructions, we generally give precedence to the factors that allow us to deliver the best possible result in terms of total cost to the client.

When dealing for you we will consider your client categorisation, the characteristics of the financial instrument concerned and of your order and where such orders can be affected.

We shall determine the relative importance of each of the execution factors by taking into account the following execution criteria: your characteristics (including your regulatory client categorisation), the characteristics and nature of your order, the financial instruments that are the subject of your order and the execution venues to which that order can be directed.

EXECUTION VENUES

For each product in which we execute your orders, we have selected a number of execution venues that meet our criteria for delivering best execution to you. These have been selected on the basis of consistent quality of pricing, costs and liquidity and the ability to execute your order with speed and certainty, whilst managing the market impact of your order where relevant. For the current list of execution venues, and the selection criteria used to identify them, please go to www.svssecurities.com.

Not all execution venues which could provide a price for the financial instrument are included. Reasons for exclusion include the costs of connecting to the venue or the higher costs of executing on your behalf. This may mean that sometimes a better-quoted price may have been available on another venue, but that the costs of executing your order there would make the cost to you higher than the venues we have selected.

In meeting our obligation to take all reasonable steps to obtain on a consistent basis the best possible result for the execution of your orders,

SVS Securities Plc

Terms of business

we may use one or more of the following venue types when executing an order on your behalf;

- SVS have electronic links to Retail Service Providers (RSPs) in order to obtain price quotes or electronic systems that automatically locate and accept the best available price.
- To optimise execution for larger and/or less liquid orders in UK equities and non-UK equities, we can access more execution venues such as Regulated Markets, Multilateral Trading Facilities (MTFs) such as Bloomberg and large investment firms which act in the capacity of Systemic Internalisers (SIs).
- In some instances, SVS will execute orders on your behalf on our own account. This is only done if it is in your best interest
- We may also execute through third-party investment firms, brokers and/or affiliates acting as a Market Maker or other liquidity providers and/or Non-EU entities performing similar functions.

We shall assess which venues within this list are likely to provide the best possible result for you on a product-by-product basis. In certain financial instruments, there may only be one execution venue, and in executing a trade in such circumstances we shall presume that we have provided the best possible result in respect of these types of financial instruments.

In respect of financial instruments which can be traded on a Regulated Market or a Multilateral Trading Facility, you should note that, subject to your prior consent, some of your orders may be executed outside of the Regulated Market or Multilateral Trading Facility where we believe that we can achieve the best possible result for execution of your order by doing so.

Providing a Client has given prior express consent, SVS is permitted to execute a transaction for a Client outside a Regulated Market or Multilateral Trading Facility (MTF), e.g. SVS may execute the Client order against a principal position, thereby acting as the execution venue.

These transactions will be offered at or less than the closing offer price available on the relevant Regulated Market or MTF or the prevailing offer price at the time when SVS no longer has a position, whichever is the earlier. Thus, a client will not purchase principal shares at a worse price on the day than would have been available on the relevant market.

SVS may match/cross a Client order with another SVS Client order. Where prior express consent is not obtained from a Client, SVS may not be able to provide Best Execution and, as such, may not be able to accept the Client order.

All the above orders will be deemed as executed "on exchange" and will be reported as required to a regulated exchange.

TOP FIVE EXECUTION VENUES

With effect from 3rd January 2018 SVS are required to provide information on the top five execution venues in terms of trading volume asset class, where we have executed client orders in the preceding year. This information will be published on our website on an annual basis, with the first report to be published in June 2018.

LIMIT ORDERS

Clients will be able to place limit orders in the market only. Please note that limit orders are not guaranteed. These orders will either be left with the market to execute and will be generally "good for the day" or will be placed on an electronic trading facility of the Regulated Market.

The Markets in Financial Instruments Directive requires Us to publish any limit order in relation to shares traded on a regulated market where we do not immediately execute that order unless we have your express consent not to publish the order.

Our Online service does not provide the facility to publish these limit orders. Therefore, if you wish to place a limit order with us you acknowledge that it will not be published. By entering into this agreement you are providing express consent for us not to publish your limit orders.

For limit orders entered into our Online service, we do not activate trading until approximately 08.10 hrs on normal business days and switch off the functionality at approximately 16.29 (or other times on days when markets are closing for public holidays or otherwise). We do this because markets are subject to greater volatility at the start and end of trading days than during normal trading.

As stated above, all limit orders are not guaranteed. If you require greater certainty that a limit order will be placed in the market for completion at any point when that limit is met, we suggest that you use our Advisory Service, which may arrange other mechanisms whereby you may place a limit order. We will notify you at that time of the mechanisms available to us and their associated cost.

ORDER AGGREGATION AND ALLOCATION

SVS has an Order Aggregation policy and have procedures and arrangements in place to provide for the prompt, fair and expeditious execution of client orders.

In the interest of achieving best execution, we may only aggregate a client's order with those of one or more other clients, if it is unlikely that the aggregation will be to the disadvantage of any of the clients concerned.

After execution, the aggregated order will be promptly allocated. Allocation will be at the price paid, which may be volume weighted, and will either be:

To the account of the client on whose instructions the transaction was executed; or

For discretionary transactions - to the account of the client, or clients with whom or for whom the firm has decided to deal.

Allocations may be revised where an error in either the intended basis or actual allocation is identified, or if a partial allocation results in an uneconomic allocation.

MONITORING

SVS will monitor compliance with its order and, at least annually, review the effectiveness of the execution arrangements in place. SVS may add

SVS Securities Plc

Terms of business

to or remove the venues where we execute our trades. Full details of the execution venues currently employed by us will be made available upon request.

SVS will notify its Clients of material changes to its Order Execution Policy via our website at www.svssecurities.com.

Clients should monitor this site on a regular basis for any changes to the policy.

A hard copy of the policy is available on request.

APPENDIX B

SUMMARY OF CONFLICTS OF INTEREST POLICY

In accordance with MiFID requirements, SVS Securities Plc (SVS Securities) is required to provide you with a summary of our Conflicts of Interest policy. According to Principle 8 of the FCA Principles for Business "A firm must manage conflicts of interests fairly, both between itself and its customers and between a customer and another client". Also, SVS Securities must ensure that all communications with our customers, including our investment research, are fair, clear and not misleading.

Where we do not consider that these arrangements are sufficient to manage a particular conflict, we will inform you of the nature of the conflict so that you may decide how to proceed.

SVS Securities is active in the AIM, ISDX and smaller companies markets, dealing as principal as well as agent for retail clients and providing corporate finance and broking services to companies in this market

CHINESE WALLS

Our investment research is produced by in house analysts. Each research recommendation clearly identifies the analyst who prepared it. Our analysts could be subject to pressures that could compromise their ability to offer unbiased opinions on investments, or the timing of publication of research, thus the policies and procedures set out below are designed to identify, minimise, manage and monitor such potential conflicts.

Our corporate finance staff are separated from the rest of the firm by formal Chinese Wall arrangements which prevent the flow of confidential information to the rest of the firm. Whilst Chinese Walls and other internal procedures have been implemented to prevent persons gaining improper access to, or influencing the content or recommendations of our investment research, investors should nevertheless be aware that SVS Securities may have actual or potential conflicts of interest that could affect the objectivity, independence and impartiality of our research. Generally, confidential information about a company is held by corporate finance staff behind the Chinese Wall and our investment analysts will be entirely unaware of this information and may continue to publish research recommendations without taking this information into account.

However, from time-to-time our investment analysts may be brought over the Chinese Wall to advise the Corporate Finance department; this is a controlled and fully documented process requiring the prior approval of Management and Compliance.

To ensure that the firm and its associates do not deal ahead of publication of research and until our clients have had a reasonable opportunity to act on the research, the research department is physically separated from the broking department and the broking department cannot know the contents of planned research, nor of the intention to publish research, until the research has been formally issued to clients.

INDUCEMENTS

SVS Securities does not offer or agree to provide favourable investment research on any company or security, nor to make or change any particular recommendation, in order to obtain corporate finance business. Our analysts are prohibited from soliciting or accepting any inducement to publish or change any opinion or recommendation. He is not permitted to accept nominal gifts and ordinary business entertainment in accordance with the firm's formal policies on the receipt of gifts and entertainment. A company covered by an analyst may offer to pay reasonable expenses for a visit to its business premises and offer reasonable hospitality during such a visit; this will not be regarded as an inducement.

EDITORIAL CONTROL

Responsibility for the content of research recommendations rests primarily with the investment analyst named as having produced it. All

SVS Securities Plc

Terms of business

valuations and forecasts included in research material are derived independently of the company concerned and are reviewed by a director in charge of the research before being published, Research recommendations relating to corporate clients, or published in advance of the flotation of a company, are also reviewed by our Compliance department.

From time to time the company which is the subject of research may be given sight of draft research before publication to check the facts within it. No forecasts or recommendations may be included in draft research shown to a company in this way. If comments on draft research are received from the company they are reviewed by a director in charge of the research department who will decide if SVS Securities is to make the suggested amendments.

TIMING AND MANNER OF DISTRIBUTION

The timing of publication of research is controlled by our Analysts except when it is necessary to delay publication for specific Compliance reasons, such as withholding publication of research during the period of an offering of new securities. If an analyst has been taken over the Chinese Wall and become privy to unpublished price-sensitive information he will be unable to comment on the matter in question until such time as the information is either time-expired or has been made public.

To resolve the potential conflicts involved in selective disclosure of research, when an analyst has formed an intention to write a piece of research and has started to form ideas about the content of the research he must not discuss this intention nor the potential content of the research with anyone outside the research department except for the purpose of checking factual accuracy as set out above, until such time as either the research has been distributed; or the "Research" has been made available on the SVS Securities plc website.

PERSONAL ACCOUNT DEALING

Our investment analysts are not permitted to invest on their own account in AIM or ISDX securities.

MONITORING

The effectiveness of these policies and procedures is monitored by the Compliance department as part of the firm's regular compliance monitoring programme.

APPENDIX E RISK WARNINGS

All investments are speculative and will fluctuate in value. It should not be assumed that the value of investments will always rise. Past performance will not necessarily be repeated and is no guarantee of future success. You may get back less than the amount originally invested or even lose the full amount.

SVS Securities Plc

Terms of business

2. You should carefully consider in the light of Your financial resources whether investing in stocks and shares is suitable for You.
3. Changes in currency exchange rates may affect the value of Your overseas investments (foreign securities).
4. Penny Shares. Penny shares are presently defined under the rules of the FCA as follows:
 - a) A readily realisable security where the bid-offer spread is 10 per cent or more of the offer price, but not: a government and public security; or
 - b) a share in a company quoted on The Financial Times Stock Exchange 100 Index; or
 - c) a security issued by a company which, at the time that the firm deals or recommends to the client to deal in the investments, has a market capitalisation of £100 million or more (or its equivalent in any other currency at the relevant time).

You run an extra risk of losing money when You buy shares in certain smaller companies including "penny shares". There is a big difference between the buying price and the selling price of these shares. If You have to sell them immediately, You may get back much less than You paid for them. You may have difficulty in selling these shares. The price may change quickly and it may go down as well as up and it may be more difficult to buy and sell shares in the penny share category. You should therefore not invest amounts You cannot afford to lose.

5. Non-readily Realisable Investments. You may have difficulty in selling such investments at a reasonable price. In some circumstances it may be difficult to sell them at any price. It can be difficult to assess what would be a proper market price for these investments. You should not invest in these unless You have thought carefully about whether You can afford it and whether it is right for You.
6. Geared Investments. All companies are likely to use gearing as part of their investment strategy and may choose to borrow money (gearing) to make investments. The effect of gearing on investment trusts and investment companies may cause the share price to become more volatile than the asset value of their underlying investments and may result in the share falls.

Dependent on the level of gearing, it may mean that you could get nothing back.

7. AIM. The Alternative Investment Market (AIM) is a market designed primarily for emerging or smaller companies. The rules of this market are less demanding than those of the official List of the London Stock Exchange and therefore carry a greater risk than a company with a full listing.
8. ISDX Growth Market. ISDX is authorised as an RIE under the FSMA. It may be difficult to obtain reliable information about the current trading position of companies on ISDX and if there is only one market-maker quoting prices, there may be occasion where you may have difficulty buying or selling shares at a reasonable price or at all. Similarly the difference between the buying and selling prices can be wide and prices being quoted on ISDX may only be indicative prices and not firm two-way prices. Additionally, there may have been little or no trading in the stock since its issue. Consequently, there is a higher level of risk

attached to companies trading on ISDX and if you have to sell shares in these companies immediately, you may get back much less than you paid for them.

Material Interest. SVS Securities Plc is active in "Penny Shares" and shares quoted on the AIM and ISDX and (including its parent company and its subsidiaries, their directors, officers or employees) it may hold or have previously held a material interest in companies which are the subject of a recommendation or research note, or any other company mentioned, and may be providing or have provided within the previous 12 months significant advice or investment services in relation to any company or a related company referred to in this document or any other associated document. Whilst we endeavour at all times to ensure that our research is fair, clear and not misleading, and accurately reflects our opinions at the date of publication, we do not hold our research out as being impartial and it should not be viewed as wholly objective since SVS Securities Plc may also be acting or seeking to act as market maker, broker or adviser to; or have taken positions as a principal in the companies featured in the research notes. Investments in these shares are considered by the market professionals to be highly speculative and there is always the risk of partial or complete capital loss. The company will assume, unless it receives written instructions from You to the contrary, that You understand and accept the risk inherent in these investments. You further agree that We may arrange to buy or sell investments on Your behalf whether or not that interest in them may conflict with You or with the interest of other customers of Ours.

10. Conflicts of Interest. We have a documented policy of treating Customers Fairly and use Our best endeavours to avoid any conflict of interest arising. Where conflicts do arise however, We ensure fair treatment to all Our customers by disclosure, internal rules of confidentiality, declining to act, or otherwise. We will not unfairly place Our interests above those of Our customers. Our conflicts of interest policy is available on request.

Warrants & Derivatives Risk Warning Notice. This notice is provided to you, as a retail client, in compliance with the rules of The Financial Conduct Authority (FCA). Retail clients are afforded greater protections under these rules than other customers, and you should ensure that your broker tells you what these are. This notice cannot disclose all of the risks and other significant aspects of warrants. You should not deal in them unless you understand the nature of the transaction you are entering into and the extent of your exposure to potential loss. You should consider carefully whether warrants are suitable for you in the light of your circumstances and financial position. In deciding whether to trade, you should be aware of the following matters:

12. Warrants - A warrant is a right to subscribe for shares, debentures, loan stock or government securities, and is exercisable against the original issuer of the securities. Warrants often involve a high degree of gearing, so that a relatively small movement in the price of the underlying security results in a disproportionately large movement in the price of the warrant. The prices of warrants can therefore be volatile. You should not buy a warrant unless you are prepared to sustain a total loss of money you have invested plus any commission or other transaction charges. Some other instruments are also called warrants but are actually options (for example, a right to acquire securities which is exercisable against someone other than the original issuer of the securities, often called a 'Covered Warrant').

13. Off-Exchange Transactions - Transactions in off-exchange warrants may involve greater risk than dealing in exchange traded warrants because there is no exchange market through which to liquidate your position, to assess the value of the warrant or the exposure to risk. Bid and offer prices need not be quoted, and even where they are, they will be established by dealers in these instruments and consequently it may be

SVS Securities Plc

Terms of business

difficult to establish what is a fair price. Your broker must make it clear to you if you are entering into an off-exchange transaction and advise you of any risks involved.

14. Foreign Markets - Foreign markets will involve risks to UK markets. In some cases the risks will be greater. On request, your broker must provide an explanation of the protections which will operate in any relevant foreign markets, including the extent to which he will accept liability for any default of a foreign broker through whom he deals. The potential for profit or loss from transactions on foreign markets will be affected by fluctuations in foreign exchange rates.

15. Commissions - Before You begin to trade You should have details of all commissions and other charges for which you will be liable. If any charges are not expressed in money terms (but, for example, as a percentage of contract value), You should obtain a clear and written explanation, including appropriate examples, to establish what such charges are likely to mean in specific money terms. Please refer to the Charges and Commission sheet detailed in the Terms and Conditions of each account.

16. Clearing House Protections - On many exchanges, the performance of a transaction by Your firm (or third party with whom he is dealing on your behalf) is 'guaranteed' by the exchange or clearing house. However, this guarantee is unlikely in most circumstances to cover You, the customer, and may not protect You if Your firm or another party defaults on its obligations to You under the clearing guarantee applicable to any on-exchange derivatives in which You are dealing. There is no clearing house for traditional options, nor normally for off exchange instruments which are not traded under the rules of a recognised or designated investment exchange.
